

THE POWERS PLAN
TO COERCE TURKEYNAVAL FORCES ARE READY TO
GO AHEAD.

Squadrons of All Nations are Assembling Ready to Move In The Dardanelles at the Bidding of Their Governments—The Turks say the Armenians are the Aggressors.

Constantinople, Nov. 15.—The Italian fleet is understood to be on its way to Salonica bay to join the British fleet of about twenty warships already there. The French fleet is expected there shortly and the representatives of the powers, as a result of communications exchanged with their governments, have had another informal meeting at the French embassy. When the three squadrons have united and Sir Philip Currie, the British ambassador, returns, the decided step upon the part of the powers may be anticipated.

News received here from the district of Van records fresh massacres of Armenian Christians there. The Kurds of Van are said to be attacking and pillaging the Armenian villages and the Turkish officials are reported to be powerless to preserve order. A telegram received here from Sivas on Tuesday evening, says that a massacre of the Armenians has been commenced in that city; but according to the porte order has been restored there. The facts in the case may be expected shortly.

Every day brings further details of the massacres at Erzeroum, and each report makes the story of the crimes there more ghastly. Men, women and children were shot, bayoneted, burned and assaulted for days, the killing and mutilation lasting for weeks, though intervals of rest are recorded. The orders for these outrages are said to have been sent by the porte and they were carried out in the most cruel manner imaginable. The number of killed will probably never be known, but it is estimated at from 500 to 2,000, according to Turkish or Armenian versions of the affair. Certainly many hundreds were killed, and it is even said that some of the victims were skinned alive, while others were soaked with petroleum and set fire to.

The Turks of Erzeroum as usual claim that the Armenians were the aggressors; but independent reports acquit the Armenians of doing anything more than attempting to defend themselves at Erzeroum and at Diarbekir, although at Zeitoun, where they captured a Turkish battalion, and at Marash, the Armenians are admitted to have taken the initiative in attacking the Turks. The latter are not always to blame for the outbreaks, but there seems to be no excuse for the fiendish massacres which follow. When once the Turk begins killing he never knows when to stop.

LOSES MANY ACRES.

Secretary Smith Makes an Important Decision.

Washington, Nov. 15.—Secretary Smith has decided that the eastern terminus of the Northern Pacific railroad is at either Thomson, Minn., or Superior, Wis., instead of Ashland, Wis., as has always been claimed by the company. About eight hundred thousand acres of land is involved, which is lost by the company. The secretary does not undertake to say whether the grant begins at Thomson or Superior, but directs all selections for indemnity between these points to be held for further consideration. He does declare that the grant of the Northern Pacific does not extend east of Superior City.

He also says that he is aware that the lands east of Superior were the basis for the selection of a large quantity of lands from the indemnity belt of the company's grant in North Dakota. These selections having been made some time ago, many, if not all, have perhaps been sold by the company. The secretary has directed that the company be allowed sixty days within which to specify a new basis for any of its indemnity selections voided by this decision.

"Daughters of the King" Meet.

New York, Nov. 15.—At the sessions of the convention of Daughters of the King yesterday papers were read as follows: "Our Work," "Its Motive," "Its Cost" and "Its Power," by Delegates Mrs. L. E. Weitzel, Minneapolis; Mrs. R. M. Edwards, River Head, L. I.; and Mrs. Robert B. Kimber, Seymour, Conn. A series of questions were asked and answered concerning the work of the society and the best means of extending the growth of its chapters throughout the country.

Iowa Embezzler Brought Back.

Montezuma, Iowa, Nov. 15.—Detective Forze arrived here yesterday with Richard Rowe, brother of the defaulting cashier of Poweshkeek county. He had a hard time getting out of Mexico. He had to leave the city twelve hours before announced to avoid a Mexican mob determined to protect Rowe. A Kansas attorney is here to defend Rowe on the charge of complicity in the embezzlement. He has moved the court to reduce Rowe's bond to \$20,000.

Elect Their President.

Lansing, Mich., Nov. 15.—The Woman's Home Missionary society of the Michigan conference of the Methodist Episcopal church elected Mrs. A. A. Knapp, Albion, president.

IS NOW BISHOP WILLIAMS.

Selected to Preside Over the Diocese of Northern Michigan.

Marquette, Mich., Nov. 15.—The primary convention of the new Episcopal diocese, erected out of the missionary jurisdiction of Northern Michigan, called to meet here yesterday to organize the diocese and elect a bishop, completed its work in one day's session and adjourned to meet in regular session the first Wednesday after the first Sunday in May of each year. By a vote of 24 out of 38 cast, the venerable archdeacon, G. Mott Williams, of Marquette, was chosen bishop on the second informal ballot. The name Marquette was chosen as the official designation of the new diocese, in deference to the recommendation of the house of bishops in general convention at Minneapolis, though a strong party favored the name "Superior." The choice of name and of bishop virtually fixes the city of Marquette as the cathedral city and St. Paul's church as the bishop's cathedral. The same constitution and canons governing the diocese of Michigan, with a few verbal changes, were adopted. The field comprises the entire northern peninsula of Michigan, having an area of 16,510 square miles and a population of 296,000 souls, of whom upward of 2,500 profess the Episcopalian faith. The clergy consists, at present, of eleven priests and three divinity students. There are six vacancies, including the one at Sault Ste. Marie, which was due to the election of the rector to the new bishopric of Alaska.

Bishop-Elect Williams cannot be consecrated until his election has been confirmed by the majority of all the other bishops. As that cannot take place before the end of January, 1896, the diocese will, in the meantime, be administered by a standing committee.

May Yet Bring Off the Big Fight.

El Paso, Tex., Nov. 15.—Dan Stuart, who has been in El Paso since last Saturday, arranging for a battlefield on which Corbett and Fitzsimmons can meet for a finish contest, said last night: "I have found a battle ground for Corbett and Fitzsimmons and have wired their managers that I will hang up a purse of \$20,000 for a finish contest between them, they to take the entire purse if I fail to carry out my part of the contract. I would name Jan. 10, 1896, as the date for the battle, as that is after the holidays, but an earlier day can be fixed if the principals desire it, and the battle ground will be of easy access to El Paso. I am in this deal alone and am not in any way connected with any club."

Claims Valuable Land.

Lacon, Ill., Nov. 15.—Mrs. Jesse Gay, of Woodford county, has retained a lawyer in a case which involves millions of dollars. Forty-five years ago her husband sold 160 acres of land adjacent to the city of Columbus, O., but for some reason she did not sign the deed. She now claims her dower right to a one-third life interest in the property. Columbus has grown to such an extent since the transfer was made that the land in controversy is at present located in the heart of the city. If the failure of Mrs. Gay to sign the deed is clearly established a compromise can easily be effected. At the death of Mrs. Gay, in case she is successful, the property will revert to the present owners.

Gomez Outgenerals Campos.

Madrid, Nov. 15.—A sensation has been caused in military circles here by the receipt of a private dispatch from Havana that General Maximo Gomez, by a clever movement in a northern direction, has turned the troops of General Campos at Santa Clara, and is now en route for the province of Mantanzas with a view to destroy the plantations there. It is not expected that he will attempt to capture a big town, but it is believed, rather, that he will attempt to terrorize the country and destroy crops. El Liberal says the rebellion is costing Spain \$150,000 daily.

For Durrant's New Trial.

San Francisco, Cal., Nov. 15.—The attorneys for Theodore Durrant have prepared an affidavit of their client to be read in support of the motion for a new trial on Friday, Nov. 22. Two of the principal points on which a new trial will be asked are the ruling of Judge Murphy as to Juror Brown, who was peremptorily challenged by the prosecution after he had been accepted and sworn, and the refusal to grant a change of venue. The newspapers will be attacked in the affidavit for alleged persecution of the prisoner, which the defendant's counsel think led to a prejudice against Durrant.

Ex-Gov. Beveridge Recovering.

Sandwich, Ill., Nov. 15.—Ex-Governor Beveridge continues to improve. He sat up an hour on Tuesday for the first time since he was taken ill, and if he has no setback he will be able to be moved in a week or two. He is very anxious to start for California, where the climate will be more genial and where they have just built a new residence. His doctors believe he is on the way to recovery.

Russia Is Preparing.

St. Petersburg, Nov. 15.—Five Russian warships have been ordered to start immediately for the Mediterranean, in view of the proposed naval demonstration there arising out of the Armenian question.

LIVES THREATENED
AT A BOSTON FIREGIRLS FAINTED AND A PANIC
ENSUED.

Blaze Starts in a Distillery Warehouse and Results in a Loss of \$145,000—Manufacturing Company's Plant at Crete, Ill., Burns, Causing a Loss of \$50,000—Blaze at Wenona, Ill.

Boston, Mass., Nov. 15.—Fire which started in the five-story brick building, 200-202 Congress street, occupied by the Empire Distilling company, yesterday caused a loss of \$125,000—\$50,000 on the building and \$75,000 on contents. There is an insurance of about \$60,000 on the latter. There were about thirty employees in the building when the fire broke out, but all of them escaped. The Lowney Chocolate company's store is next to the burned building. Over 400 girls were in the dining rooms there when the flames burst from the windows of the burning structure. A panic ensued and the girls joined in a wild rush for the doors. In the scramble several girls fainted, and, falling, were trodden upon. Miss Alice Fay sustained a broken arm by falling downstairs. The fire department by arduous efforts kept the flames confined to the building in which they originated. James Connolly, a cooper for the distilling company, was burned about the face and neck, and Lieut. Fox, of engine 25, was caught by falling glass. Joseph Bradley also sustained a fracture of the right ankle. The damage to property adjacent to the distilling company will amount to about \$20,000.

Manufacturing Plant Destroyed.

Chicago, Nov. 15.—A fire caused by combustion entirely destroyed the Crete Manufacturing company's factory and plant at Crete, Ill., early yesterday morning. The lost approximates \$50,000.

Small Fire at Wenona, Ill.

Lacon, Ill., Nov. 15.—The Skinner tile factory burned at Wenona Wednesday night. Loss, \$5,000; no insurance.

WANTS BIMETALLISTS' VOTES.

Senator Harris Addresses a Letter to His Colleagues.

Washington, Nov. 15.—Senator Harris, the chairman of the executive committee of six appointed at the Washington conference of last August to organize for the campaign of 1896 the free silver Democrats of the country, has sent letters to his colleagues, the chief feature of which is the following: "In the light of recent election results, there is, in my opinion, no hope of Democratic success in 1896 unless we can succeed in so organizing the bimetallic Democrats as to secure in the national convention a plain, distinct, and unmistakable declaration in favor of the free and unlimited coinage of both silver and gold, without regard to the financial policies of any country. Therefore, it appears to me that we should redouble our efforts to secure such organization."

Senator Harris' colleagues are Senator Jones of Arkansas, Senator Turpie of Indiana, Governor Stone of Missouri, William H. Hinrichsen of Illinois, and Casey Young of Tennessee.

Postoffice Robber Is Safe.

Springfield, Ill., Nov. 15.—According to advices from Washington there seems little probability that Russell, the postoffice robber who is now under arrest at Bruges, Belgium, can be brought back here for trial. This is due to the fact that our treaty with Belgium does not recognize as an extraditable offense the crime for which Kiloran, Allen and Russell now stand indicted in the federal court for this district—namely: "Breaking into a postoffice with the intention to commit burglary or other depredation."

In Danger of Lynching.

Winston, N. C., Nov. 15.—A mob visited the home of William Barbee in Cabarrus county Tuesday night for the purpose of lynching an Indian doctor named White, who was under arrest there. He is charged with having caused the 16-year-old daughter of Barbee, a half-witted creature, to submit to him. The girl returned home after the crime had been perpetrated and is now in a precarious condition. Indignation runs high in the neighborhood, and the indications are that White may be lynched.

Last Day of the Baptist Congress.

Providence, R. I., Nov. 15.—Yesterday was the last of the Baptist congress. The morning topic on the physiological basis of morality was handled by the Rev. S. B. Meeser of Wilmington, Del., Prof. W. L. Potat of Wake-forest college, North Carolina, and Smith Baker, M. D., of Utica, N. Y. In the afternoon the Rev. F. Chappell of Boston and H. M. Sanders, D. D., of New York, spoke on "The Baptism of the Holy Spirit."

Seeks a Pardon for Howgate.

Washington, Nov. 15.—The District Court of Appeals yesterday affirmed the decision of Judge McComas in the case of Captain Henry W. Howgate, convicted of forgery and falsification of accounts. Howgate was sentenced to four years on each of the counts. Howgate has surrendered himself, and is now in the charge of the Marshal.

TROUBLE BREWING
DOWN IN BRAZILMOVEMENT IN FAVOR OF A
MONARCHY GROWING.

Great Britain and Germany Would Like to Place King Henry of Prussia on the Throne—Twenty-Seven Political Prisoners Shot—Representatives Healey and O'Connor Out.

Rio Janeiro, Nov. 15.—Persons who arrived here yesterday from Niteroiy announce the shooting there of twenty-seven political prisoners Sunday morning. Among them were two colonels. This has caused the greatest excitement in all circles, and nothing else is talked of. The executed are known to have been in sympathy with the monarchial cause, which is daily gaining ground. It is stated that many of the officers of the army and navy have sworn to join the movement, and many officers now operating in the south against the rebellion also favor it. It is also stated that both England and Germany will favor the movement, and the plan is to place a German prince on the throne of Brazil, probably Prince Henry of Prussia.

Healy and O'Connor Expelled.

Dublin, Nov. 15.—Representatives of the Irish parliamentary party, now meeting in Dublin, by a vote of 33 to 224 yesterday adopted a motion to expel Timothy M. Healy and Arthur O'Connor from the governing committee of the party. The Hon. John Dillon, M. P., offered a motion authorizing the chairman of the committee of the Irish parliamentary party to communicate with the executive committee of the national federation with a view to carrying out the suggestion of Archbishop John Walsh, of Toronto, favoring the holding of a national convention of the representatives of the Irish race throughout the world. Mr. Dillon's motion was carried.

Spending Jay Gould's Millions.

London, Nov. 15.—Vanity Fair has a dispatch referring to the recent losses on the bourse there, in which the statement is made that Comte de Castellane, who recently married Miss Anna, daughter of the late Jay Gould, was one of the heavy losers.

German Socialist Sent to Prison.

Breslau, Nov. 15.—Herr Liebknecht, the socialist leader and editor, was yesterday sentenced to four months' imprisonment for lese majeste. The offense consisted in words which he used in his speech at the opening of the socialist congress here Oct. 7.

TALKS OF BEHRING SEA.

Senator Morgan Denies the Justice of Britain's Claim.

Livingston, Ala., Nov. 15.—Senator John T. Morgan, in an interview in regard to Lord Salisbury's claim that Senator Morgan's objection to the payment of the Behring sea claims is based on a misapprehension of fact, said:

"I have not seen the dispatch to which attention is called, but it is impossible that I could be mistaken in facts which stand opposed to demands of Great Britain for \$425,000 damages for seizure of fishing vessels arrested in Mr. Cleveland's first administration. The record shows that more than half of the sum claimed, if due at all, is due to persons of the United States who violated the laws of their country by marauding upon our seal herds under the cover and shelter of the British flag. I am unable to perceive why the United States government should reward the perpetrators of this base conduct or should compliment the government of Great Britain by conceding that it was either just, friendly or honorable."

BRITAIN IN ANOTHER SQUABBLE

Republic of Colombia Likely to Have Trouble.

Washington, Nov. 15.—There has been much friction of late between Great Britain and the Republic of Colombia, which, it is thought, may lead to radical steps by the British. The Colombia government gave a concession to an English syndicate to build a railway through the state of Antioquia, tapping the richest sections of Colombia.

The company did not proceed with the work, and the government declared the concession forfeited. The company then presented a claim for \$640,000 damages. Colombia refused to pay, but consented to arbitrate the claim. Out of this arbitration has grown the present friction. Urgent efforts are being brought to bear on the British foreign office to administer a rebuke to Colombia, which will serve as a reminder that British investments in that country must receive full protection.

John R. Tanner to Resign.

Chicago, Nov. 15.—A meeting of the Republican state central committee will be held to-day. At this meeting it is expected that John R. Tanner will resign the chairmanship of the committee and announce his candidacy for the Republican gubernatorial nomination. The opinion generally expressed among the politicians is that Dr. T. N. Jamieson of this city would be elected to succeed Mr. Tanner as chairman of the state committee.

ALL WANT THE CONVENTION.

Secretary Sheerin, of the National Democratic Committee, Talks.

Indianapolis, Ind., Nov. 15.—S. P. Sheerin, secretary of the Democratic national committee, said yesterday that he will issue a call for a meeting of the committee early in December. He does not believe anyone can foretell with any degree of certainty where the next convention will be held. "The members of the committee have not been consulting by letter as they usually do," said he. "My correspondence with cities that are after the convention is getting very heavy. San Francisco, St. Louis, Buffalo and Pittsburgh are working industriously for the convention. New York also wants it. Some time ago it was understood that Chicago would not ask for either convention, but I see that city is now asking for both of them. The convention is worth a great deal in a financial way to the city that gets it. I would say that a national convention is worth not less than \$2,000,000 to the city in which it is held. I have never believed there is any political advantage accruing to a convention city."

Mr. Sheerin says it is probable the resolution passed during the closing session of the last Democratic convention instructing the national committee to provide for the admission of delegates, alternates and members of the press only at the next convention will not be observed. The matter was referred to a sub-committee and he understands this committee will report at the coming meeting in favor of admitting the public as heretofore.

STORM ON JERSEY COAST.

Much Damage Done at the Various Summer Resorts.

New York, Nov. 15.—High winds and heavy seas are reported as doing extensive damage down along the Jersey coast. At Point Pleasant, near the Cedar Creek life-saving station, yesterday the keeper found the body of a man that had probably been washed over from some vessel in the storm. At Asbury Park last night huge waves pounded the board walks and the bluff with tremendous force. At Ocean Grove from thirty-five to forty feet of the bluff has been carried away. At Cape May much damage has been done to the beaches. The tide has eaten into the Cape May beach, and has carried away the breastworks and trolley railroad in front of the Cold Spring life-saving station at Cape May point. The breastwork in front of the cottage of ex-President Harrison has been carried away for ten feet.

WANT A CONSTITUTION.

Despotic Power of the Sultan of Turkey Nearly at an End.

Constantinople, Nov. 15.—Kutchuk Pasha has been repeatedly summoned to the palace of the sultan, but he steadily refuses to be grand vizier. While the sultan is unable to form a respectable cabinet, public opinion everywhere openly clamors for the proclamation of a constitution.

A careful estimate makes the total number of persons killed outright in the massacres 15,000, and it is probable that 30,000 will die of starvation during the coming winter. It cannot be realized in Europe how awful is the situation. There is reason to believe the imminence of the interference of the six powers and America in Turkish affairs. The nearly simultaneous movement of all the squadrons of the different countries can have no other meaning. Probably Smyrna and Salonica will be occupied first.

Inquest on the Detroit Horror.

Detroit, Mich., Nov. 15.—The inquest on the thirty-seven victims of last week's explosion in the Journal building ended abruptly yesterday before any important testimony had been taken. Prosecuting Attorney Fraser asked that the jury merely return a verdict to the effect that the deaths were caused by a boiler explosion, which was accordingly done. The prosecutor's object was to avoid producing testimony which would divulge the case of the state against Engineer Thompson, and to make a more searching investigation of the whole matter before the county grand jury.

Gold Shipments To-Morrow.

New York, Nov. 15.—A canvass of the leading exchange houses narrows the probable large shippers of gold by Saturday's steamers to two banking firms, although several others admit that they have not fully determined their position. The demand for exchange is not notably large, but actual rates have risen to the highest figure recently quoted.

Gov. Matthews' Son Dead.

Indianapolis, Ind., Nov. 15.—Governor Matthews was called to Atlanta last evening by a message stating that his son Seymour, who was there in charge of the Smithsonian exhibition, was dying of typhoid fever. An hour after leaving the city another message was received announcing the young man's death.

Will Get the Verdict To-Night.

Princeton, Ill., Nov. 15.—Argument in the Spring Valley riot cases will be closed today and a verdict will probably be returned by the jury this evening. Local interest in the cases continues large and the result is anxiously awaited.

The accident occurred while two freight trains were running at a high rate of speed. They collided with great force. Both engines and a dozen cars were wrecked, and the loss will be heavy. Stock resides at Green Bay.

Yale College Denounced. New Haven, Conn., Nov. 15.—Yesterday was the last day of the Christian Workers' convention, and it contributed the most sensational episode of the meeting. Mrs. Potat, wife of the Rev. E. M. Potat, pastor of Calvary Baptist church, where the convention is being held, during an address said: "I would as soon send a son of mine to hell as to Yale college. I make this statement before the newspaper reporters, and I would make it to President Dwight himself." She said she had seen many Christian young men ruined at Yale. The first year they were good, the second they had pipes in their mouths and the third they had disappeared.

Home for Old Soldiers. Indianapolis, Ind., Nov. 15.—The trustees of the new soldiers' home have issued a bulletin, together with application blanks, to the 500 Grand Army of the Republic posts in the state announcing that the home will be open for the reception of needy comrades Jan. 1. Post commanders are asked to see that those who desire to enter the home and are eligible make application immediately. The first task will be to gather up all the veterans of the war who are confined in the almshouses of the counties. It is believed there are 200 or 300 of this class. The home will be open to wives and widows of veterans.

A LECTURE COURSE AT MILTON COLLEGE

GRADUATES AND FORMER STUDENTS TO SPEAK.

Prominent Men in the State Have Promised Their Services—G. A. R. Camp Fire is Arranged and Governor Upham and Others Will Be Present—County News.

Milton, Nov. 15.—President Whitford is perfecting the arrangements for the course of lectures to be given here, by former graduates and students of the college, this winter. A number of prominent men in the state have already promised their services and others are being corresponded with. The course will probably consist of ten lectures. Rev. S. E. Wheeler of Boulder, Colo., is visiting his sons, John R. and Herbert and is expected to occupy the pulpit at the Seventh-Day Baptist church this (Saturday) morning. Appropriate music will be furnished by the Ladies' Quartette and the Milton Glee Club of ten members. Supper will be served by the Woman's Relief Corps in their hall, from 5 to 7 o'clock. Entertainment will begin at 7:30. Tickets for both, twenty-five cents. Admission to church, fifteen cents. Prof. E. B. THE OPERA DREW A FULL HOUSE

The Columbia Company's Performance Pleased a Large Audience

The Myers Grand was filled to overflowing last night, by the audience that came to hear the Columbia Opera Company in "Said Pasha." Mrs. Ada Holdredge-Ash took the part of "Serena," the prima donna of the company being ill, and sang it in her usual charming fashion. The company is uniformly good. Tonight "The Bohemian Girl" is the bill and for Saturday's matinee "Mikado" has been selected.

THE COUNTY BOARD FINISHED ITS WORK

SUPERINTENDENT PETER ALLER IS RE-ELECTED.

Will Retain His Office as Superintendent of the Poor Farm—J. Killam Succeeds William Gunn as Trustee—No Action on Semi-Centennial Celebration.

The county board finished up business and adjourned yesterday afternoon. No action was taken on the matter of the proposed state semi-centennial celebration, the matter having been brought up by Supervisor Van Kirk.

Peter Aller was reelected superintendent of the poor farm for a term of three years the ballot standing as follows:

Peter Aller.....	20
W. Gunn.....	1
J. Killam.....	1

Supervisor Egerton moved that when the board adjourn it be until January 14, and the chairman was allowed \$10 for countersigning orders, after which the board proceeded to the election of a trustee of the insane asylum to succeed William Gunn. The ballot resulted:

William Gunn.....	14
K. Killam.....	13
Cyrus Miner.....	2
C. D. Child.....	1
Carle.....	3

The formal ballot resulted:

K. Killam.....	17
William Gunn.....	16
Carle.....	3

Mr. Killam was then declared to be duly elected, and on supervisor Kimball's motion, Mr. Gunn was given a vote of thanks for his faithful service during the past six years. After the mileage and the per diem of the members had been allowed, Supervisor Kimball moved an adjournment, and as there was no objection, Chairman Tarrant declared the session ended.

E. R. STRONG RETURNED HOME

Missing Man Found Standing in His Yard Last Night.

Ernest R. Strong, the missing Janesville merchant, has been found. He returned to his home in Fort Atkinson last night, and is apparently much improved physically. Nothing is known as to his whereabouts during his absence, and it is doubtful if he knows himself where he has been.

The Strong family had a new domestic in their employ who had never seen Mr. Strong. Last evening she went to the well for a pail of water, and saw a man standing with folded arms, near the well. She at once ran back to the house and told the family.

Investigation showed that the man was Mr. Strong. His feet and hands were said to be blistered, and his clothing was covered with mud indicating that he had been traveling on foot.

WEDDING ANNIVERSARY MARKED

Pleasant Celebration at the Home of Alderman and Mrs. Hemming.

A jolly party helped Alderman and Mrs. Wm. J. Hemming celebrate their "leather wedding" last evening at their pleasant Locust street home. It was a great surprise to Alderman and Mrs. Hemming, when E. H. Murdock stepped forward and in a few well chosen words, presented them with a handsome leather upholstered chair. The invitations had made no mention of the fact that the occasion was the third anniversary of their wedding; but the guests were acquainted with the fact, and acted accordingly. Cinch was the game of the evening, the honors being awarded to Mrs. E. H. Murdock, A. Lee Wilcox, Mrs. F. W. Douglas and E. H. Barker.

SURPRISE FOR MISS WHALEN.

Friends Take Possession of Her Home and Gaily Rules.

A number of friends of Miss Etta Whalen perpetrated a very pleasant surprise on her last evening at her home corner of Glen and Hickory streets. Miss Agnes Morrissey, Charles I. Young and Mr. and Mrs. Henry Brazzle won the honors at the card tables and the occasion was an exceptionally enjoyable one.

DRAFT HORSES GETTING SCARCE

Janesville Buyers Will Soon Deplete Rock County of Animals.

If local horse buyers keep on purchasing the heavy draft horses around the county, such stock will soon be held at a premium. During the last summer large numbers have been shipped from this city to the piers of Wisconsin and Michigan, and to the quarries of Vermont, being consigned mostly by N. H. Clark and George Charlton. The last shipment left the Northwestern yard last evening for the northern piers, being consigned by Mr. Charlton. The lot consisted of fifteen horses and not one weighed less than 1,500 pounds.

Now They Are Hunting For a Smooth Horse Thief.

Fort Atkinson police are having their hands full these days. Besides keeping up a four days' search for E. R. Strong, they have been working on a horse stealing mystery, and have notified Chief Acheson, hoping that he may catch the thief. A well dressed man stopped at one of the hotels, registering as C. W. Colton. He hired a bay team hitched to a single pole buggy and quietly drove away. They have not seen the outfit since, and notices have been sent all over the state, giving the stranger's description.

Governor Upham Officially Designates the Day.

The following Thanksgiving Day proclamation has been issued by Governor Upham:

"Following the honored custom which the fathers of this country established, and in conformity with the proclamation of the president of the United States, I, William H. Upham, governor of the state of Wisconsin, do hereby set apart Thursday, the 28th day of November 1895, as a day of public thanksgiving. "During the year now drawing to a close our state has been blessed with a high degree of prosperity, and with a marked freedom from calamities. It is fitting, therefore, that a day be set apart, in which all may join, either in their homes or in public places of worship, to render thanks and humble acknowledgments to the kind Providence who has vouchsafed to us these blessings."

NO PHYSICAL DIRECTOR CHOSEN

Y. M. C. A. Managers Have Had Several Applications for the Place.

There has been a good deal of talk about who the new physical director for the Y. M. C. A. would be, but no one has as yet been engaged.

"We have had several applications" remarked Secretary Kline, "but as yet nothing definite has been done."

At both Chicago and Springfield, Mass., there are physical training schools which are considered the best in the land and Secretary Kline is inclined to think that the director will come from one or the other of these schools.

A new floor has been laid in the east side fire station, and during the progress of the work, the apparatus has been sheltered in McCue's livery barn on North Bluff street. There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produces immediate results. C. D. Stevens.

The New Woman Tells a Fish Story.

Miss Nellie Jones, a Philadelphia girl, while visiting friends in Bristol on Tuesday had a rather remarkable fishing adventure. The Delaware at this point is fairly alive with German carp, some of which have grown to enormous size. A fishing party was organized in honor of Miss Jones' visit and Laing's wharf was selected as the spot on which to lure the wary fish. Miss Jones had no sooner cast her line than the hook was seized by a greedy carp. In the struggle which followed the fair angler lost her balance and was actually pulled into the river. Fortunately the water was not over three feet deep and she pluckily held fast to her line, eventually landing her fish. It proved to be a beauty and weighed a trifle over ten and a half pounds. Miss Jones was very proud of her capture, and will have the fish stuffed and mounted.—Philadelphia Record.

The Value of Trees.

How many farmers and others, too, whose places are destitute of fruit and shade trees. Again, how many rented places are devoid of trees of all kinds. Has the land-owner ever stopped to consider that a small orchard, a few yard trees around every tenement house will greatly enhance the value, attract and hold a better class of tenants, make life more enjoyable and that too at practically no cost? We tell you there is a great deal of selfishness when we look abroad and see how stingy and selfish many are with their tenants, and oftentimes perchance some good farmer rents his farm and moves away and is so selfish as to reserve all, yes, all the fruit produced, denying even this to his tenant. Land-owners owe their tenants and the public generally, a duty by planting at least a moderate quantity of trees. This is a wise public policy.—Ornamental Tree Growing.

The Atchison View of It.

If a bride has \$40 of her own after buying her wedding clothes, her husband should never so far forget himself as to ask to borrow it. Under the spell of the honeymoon she will lend it. After the wane of the honeymoon, he will either refuse or will not be able to pay it back. The \$40 will increase to \$400 in her eyes in six years, and he will hear more of it than if he owed it to his own kin.—Atchison Globe.

THIS DAY IN HISTORY

1680—Johann Kepler, the astronomer, died; born 1571.
1706—William Pitt, earl of Chatham, born; died 1778.
1730—Baron Steuben born in Magdeburg, Prussia; died 1794.

1738—Sir William Herschel, the astronomer and scientist, born; died 1822.

1784—Jerome Bonaparte, king of Westphalia, born; died 1860.

1856—Explosion of 100,000 pounds of ammunition, consisting of cartridges, charged shells, rockets, etc., in the camp near Inkerman, in the Crimea. The disaster originated in the magazine of the French army, the supply store of their work during the famous attack on the Malakoff redan. It contained, besides the powder, 600,000 cartridges, 300 charged shells and indeed every conceivable form of ammunition. The English magazine adjoining the French was fired by the first explosion and that also blew up. The English lost 21 killed and 116 wounded; the French 32 killed and several hundred wounded.

1883—Elizabeth Oaksmith, American poet and lecturer, died at Hollywood, N. C.; born 1803.

BAYARD AND THE PEOPLE.

When Minister Bayard made his Edinburgh speech reflecting on the intelligence of the American people because they had in three successive elections declared their preference for the protective policy, he startled even the English. English newspapers express their surprise very candidly and suggest that the United States must be a free country indeed, inasmuch as no British ambassador could make such an attack upon the policy of a leading party in his country and remain at his post, whether that party was in power or not. Were Sir Julian Pauncefote the British ambassador at Washington, to denounce in a public address a policy of the liberal party, there can be no doubt he would be promptly recalled and probably permanently retired from the diplomatic service. But whatever rebuke Mr. Bayard suffers will come from the American press and public. He will hear nothing from the administration, which is undoubtedly in hearty sympathy with his utterance but the people will let him hear from them the first chance they get.

REED IN A FIX.

Rock county may be wise in pinning her faith to McKinley. Reed will not be as strong after congress meets as he is now. There will be 244 republicans in the new house and every man of them will want conspicuous recognition. No being of finite powers ever could hope to get rid of such a drove of ambitious statesmen without making enemies. With Reed it is out of the question. There is too little policy in him—too much bluntness and directness. The opposition to him is coming to the surface already, some of the new members having broached the suggestion that if Mr. Reed proposes to ignore them and to follow tradition in forming the committees and naming the chairmen they may put forward a candidate for speakership against him. Of course they will do nothing of the kind. In the first place nobody of sense would allow himself to be used as their cat's paw. Nevertheless their talk shows how the wind blows.

MIGHT BE TRIED HERE

A new form of "extension" study is being adopted in Ireland where teachers in technical schools are holding extra classes for the benefit of working women and girls and teaching them domestic science, sewing, cooking, and other details of housekeeping. This is highly a practicable form of extension work and one worthy of imitation. But what is the use of confining it to working girls? There is a suspicion that a post graduate course of that sort wouldn't hurt some of Janesville's high school graduates even.

Senator Brice got it almost right, when he explained the defeat of his party by saying "The people seem dissatisfied with the general policy of the democratic party." Had he inserted "lack-of" before "policy" he would have expressed it exactly.

Democrats have looked over the new apportionment map faithfully. They found nothing whatever to criticize, so they are falling back on the declaration that a state census is a mighty illegal affair anyway.

And now they are talking of compelling Mr. Cleveland to accept the democratic nomination. From present indications neither he nor anyone else will accept unless compelled to.

Max Nordeau is a luck author. Before the advertisements he got from the

thumpings from the magazines and newspapers had faded from the public mind the preachers commenced to defend and to attack his book.

According to Chairman Harrity, the democrats are determined to drop behind the republicans once more; they intend holding their national convention last. It may also be their last convention.

Ambassador Bayard showed how little he knew of the people of this country when he said that protection was not a national sentiment in the United States.

It is difficult for those who have no hope to inspire hope in others; that's what's the matter with the democratic leader.

It matters little what republican is president. The only important thing is that the president is republican.

EMINENT TESTIMONY

Regarding the New Discovery for Cures of Dyspepsia and Indigestion.

Dr. Hartzman, who has made many tests of the new dyspepsia cure, is very enthusiastic in his praise of this excellent preparation. It is not a secret patent medicine, but is composed of pure pepsin, bismuth, fruit salts and vegetable essence, made into pleasant tasting tablets or lozenges and sold by druggists at 50 Cents per package, under the name of Stuart's Dyspepsia Tablets.

Dr. Hartzman states that Stuart's Dyspepsia Tablets cure dyspepsia and weak stomachs, because they possess the peculiar power of digesting whatever wholesome food is taken into the stomach. They do not act on the bowels like cathartics, but act entirely on the food, digesting it thoroughly and quickly, giving the stomach a chance to rest and recover its natural strength, which it invariably will do after a course of Stuart's Dyspepsia Tablets. If your druggist hasn't them in stock ask him to order a small quantity from his wholesaler.

GETTING THERE.

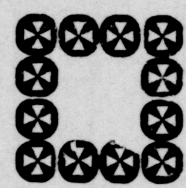

We have the largest stock of Woolens in Rock County—we have too many and full realizing the fact that but six weeks remain before the season closes—we propose to reduce our stock of Woolens if real low prices will do it. We have enjoyed an exceeding good trade since the first of August "Thanks" and have kept our tailors all busy and all of the time (in the shop not in the store). We are anxious to RUSH 'EM for the next six weeks, so we will make prices on Suits, Overcoats and Pants that will make them sell. First-class Suits, guaranteed all wool and reliable colors, \$20 and upwards. Overcoats in Melton, Beaver, Shetland or Chinchilla \$25 and up. These goods are worth more but we have too many and prefer to cheapen now than later. You know us for veracity.

FEES CUT IN TWO BY A RESOLUTION

COUNTY BOARD'S NEW REGU- LATION A SWEEPING ONE.

Covers the Arrest of All Tramps and Drunks Besides Offenders Charged With Disorderly Conduct and Indecent Exposure—The Fees Heretofore Were Not Less Than \$1.20.

The county board cut the fees of officers for arresting offenders charged with vagrancy, drunkenness in a public place, disorderly conduct and indecent exposure of the person, square in two in the middle when they passed the More resolution yesterday. At the present time the officers fees for an arrest in such a case are not less than \$1.20, and where a commitment is issued, 47 cents additional or \$1.67 in all. This is allowing for two miles travel. Now they will be compelled to do the same work for seventy-five cents. As all the offenders of the class named are prosecuted under the state law, it affects the Janesville officers as well as all other officers in the county, and all cases of the nature mentioned in justice or municipal court. The resolution was as follows:

Supervisor More.
To the Honorable Board of Supervisors of Rock County, Gentlemen:
WHEREAS, By Chapter 470 of the Laws of 1887 and by Chapter 250 of the Laws of 1895, the county board of supervisors of any county may, from time to time, fix and regulate the fees for compensation of officers and magistrates for services performed in all prosecutions for any of the offenses mentioned in said Chapter 470 of the Laws of 1887 and said Chapter 250 of the Laws of 1895, except when such prosecutions shall be brought under a city or village charter or ordinance, now therefore, be it

Resolved, That from and after the passage and publication of this resolution the fees of the peace, police justices and the municipal and county courts within and for said county of Rock, shall in all prosecutions for any of the offenses mentioned in said Chapter 470 of the Laws of 1887 and said Chapter 250 of the Laws of 1895, be reduced to a fee of seventy-five cents, and no more. And any peace officer rendering services before any magistrate, with a prisoner or prisoners in custody, in a prosecution for any of the offenses mentioned in said Chapter 470 of the Laws of 1887 and said Chapter 250 of the Laws of 1895, shall be entitled to a fee of seventy-five cents, the same to be in full for all services rendered by said peace officer in any such case, except when a prisoner or prisoners shall be duly committed according to law, then and in such case, such peace officer shall be entitled to railroad fare for such prisoner or prisoners so committed, and six cents per mile for the actual distance traveled to commit such prisoner or prisoners.

And where two or more persons are brought before the court at the same time for the offense mentioned in the laws above referred to, they shall be prosecuted and convicted thereof together and the justice of the peace, police magistrate, county judge, or municipal judge shall receive the same fees they are entitled to in prosecuting and convicting a single person for similar services; and the officer committing such persons to jail shall only be entitled to the same fees and mileage he is entitled to for committing a single person for similar services.

In witness whereof I have hereunto set my hand and affixed the county seal at Janesville this 15th day of November, 1895.

W. J. MINTYRE,
County Clerk.

HAVE ENTERED INTO PEACE

Mrs. L. R. Treat.

In the sleep that knows no waking, Mrs. Leslie R. Treat closed her eyes early this morning, and her spirit took its flight to that happy home beyond the skies. It was a brief but painful illness, that came to an end with the approach of the angel of death, but during it all Mrs. Treat had borne her sufferings with a brave resignation that seemed to inspire.

Mrs. Treat was well and favorably known in Janesville, where she had always resided, and her death will cause universal sorrow. Her maiden name was Fannie Wright, and she had been married to Mr. Treat for fifteen years. But a short time ago they had taken possession of a new and elegant home and all seemed bright for herself, her husband and two bright little daughters, Mamie and Josephine. But the conquering angel—relentless as ever—cut all of that short, and over the home so filled with happiness, a pall of sorrow has been thrown that has been rendered more dense by the bright anticipations that had been made for the future. Beside the husband two daughters survive.

Edward Ward.

Edward Ward, one of Janesville's well known citizens, died at the home of Mrs. James Ennis, 104 Dodge street, at 6:30 o'clock last evening, aged seventy-nine years. Mr. Ward had been an invalid for the past two years, an accident having rendered one of his limbs useless. His wife died some years ago, but a family of seven children survives, five sons and two daughters. Four of his sons reside in Chicago and one in Magnolia. One of his daughters resides in Magnolia and one in this city.

While he was passing he said the Stamper girl threw the stones at him. She was found guilty and sentenced to pay a fine of \$5 and costs or go to jail for two days.

Charles Cassidy paid a \$1 fine for being drunk and Martin Garvin was sent to jail for five days for the same offense.

OAK LAWN HOSPITAL WAS OPENED TODAY

INSTITUTION OF MERCY IS READY FOR BUSINESS.

First Patient Given Quarters This Morning—Two Physicians are Made Members of the Board of Directors, and Indications For Its Success are Bright.

The doors of Oak Lawn hospital were thrown open again this morning for the reception of patients and one has been taken there today.

The indications are favorable for the success of the enterprise: the present arrangements secure an economical management and the annual appropriation of five hundred dollars by the city will help greatly to support the charity which is an essential part of the hospital.

In accordance with the general sentiment, the physicians of the city are to select two of their number to serve on the board of directors, and it is believed that their presence in the board will be of great benefit in the practical management of the institution. It is about eight years since it was established and during its history it has brought relief to several hundred patients and proven a great benefit to the community. It is to be hoped that its renewed opening will be the beginning of a very successful career.

The first case—which was treated today—was that of a local patient, who was suffering from an abscess, caused by the disease of the vetebra. Dr. Walter B. Metcalf assisted by Dr. James J. Hughes attended him, the operation being a success in every way.

Janesville Railroad Man's Train Runs Into a Cow Last Night.

Word was received last evening that Conductor J. J. Leahey's train had been wrecked near Harvard. Mr. Leahey has been running a freight on the C. & N. W. The accident happened at 5 o'clock, south of Harvard.

The train while running at a good rate of speed struck a cow, the result being that up in the air went the cow and off the track went engine and box cars. No one was injured and the wrecking crew were soon on hand clearing the track.

B. H. BALDWIN HAS A TOE HURT

At the time of the accident Mr. Baldwin was about to wheel a truck into a car when the "run-board" slipped and he fell to the ground with the heavy truck on top of him, crushing the toes on his left foot. LEAF GROWERS' WAR TO GO INTO COURT

RIVAL FACTIONS ARE MAKING THEIR PLANS.

Fisher Men Claim That the Annual Meeting Was Not Legal, As They Did Not Vote According to the Number of Shares of Stock Held By the Members.

The differences between the two factions in the Rock County Tobacco Growers' association are apparently as far from a settlement as ever.

It is said the so-called "Fisher faction" will get together and elect their officers. Then they will demand of the anti-Fisher faction, the books of the company. If this request is denied they will proceed to gain possession of the documents, etc., by legal measures, thus bringing the matter at once before the courts.

The "Fisher faction" claim the meeting at the court house was illegal. They say that the anti-Fisher faction outnumbered them, and therefore carried their point on an eye and nay vote, but, on the other hand, the Fisher men claim that they hold a majority of the stock, and for that season they could carry the day if the stockholders cast as many ballots as they had shares of stock.

Both sides insist that they have the "bulge" and the outcome is awaited with considerable interest.

VEDETTE, the high school paper, is out, and is a very good number. The financial support given the publication is well deserved—and in fuller measure than has been given.

O CAPTAIN, MY CAPTAIN!

O captain, my captain, our fearful trip is done;
The ship has weathered every rack; the prize
we sought is won;
The port is near, the bells I hear, the people
all exulting,
While follow eyes the steady keel, the vessel
grim and daring.
But, O heart, heart, heart!
Oh, the bleeding drops of red,
Where on the deck my captain lies,
Fallen cold and dead.
O captain, my captain, rise up and hear the
bells;
Rise up, for you the flag is flung, for you the
bugle trills,
For you bouquets and ribboned wreaths, for
you the shores a-crowding,
For you they call, the swaying mass, the eager
faces turning,
Here, captain, dear father,
This arm beneath your head!
It is some dream that on the deck
You've fallen cold and dead.
My captain does not answer. His lips are pale
and still.
My father does not feel my arm. He has no
pulse nor will.
The ship is anchored safe and sound, its voy-
age closed and done,
From a fearful trip the victor ship comes in,
its object won.
Exult, O shores, and ring, O bells,
But I with mournful tread
Walk the deck my captain lies,
Fallen cold and dead.

PARALYZED.

My emotions—meaning by that those
feelings of the heart which tend to make
a man see all women as the only perfec-
tion of creation, and some one woman
as the aggregated perfection of all wom-
en—my emotions, as I was about to say
when I interrupted myself, are utterly
paralyzed and have been since the 14th
day of last September at 15 minutes after
11 o'clock a. m., eastern time.

At that hour and for several hours
previously I was in the act of spending
my summer vacation at a delightfully
quiet and retired resort on the Atlantic
coast, where also, among a number of
other fortunes, were Miss Ruth Allen,
Miss Myrtle Morton—such a sweet name
that, I used to think!—and Jack Foster,
the bane of my existence and the para-
lyzer of my emotions.

Foster was a dashing fellow, while I
was merely a dashed fellow, and because
of that possibly I was less fortunate in
my heart affairs than he was. In any
event, I never loved a dear gazelle, as
the poet has it, I believe, but some day,
sooner or later, the nervy Foster came
that way and chose her for his mate,
the result of which invariably was that
I lost her.

Several times during the summer I
had, for these depredations of his, been
tempted to drown him, for I was a fine
sailor and he wasn't, though he often
went out with me, because, as he said,
he felt safe in my hands, and he had a
large life insurance policy in addition.
Then he would laugh at his time tried
and fire tested insurance joke, and all
the girls would laugh also.

Bah! The idiots, to laugh at an old
chestnut like that! A cocoanut was
equally as funny and much larger.

However, as time moved on Jack gave
me a chance, and, left to my own de-
vices, it was not a great while before I
was paying undivided attention to Miss
Allen and Miss Morton. These two were
my choice, and one, I felt sure, would
be chosen, but as yet I had not deter-
mined which one.

The time for decision came at last,
though, for my month was nearly up,
and on that sweet September morn I had
an engagement to go walking with Miss
Allen. I felt that morning that she was
the one woman of all women for me,
and I asked her to go with me, so that
I might have an opportunity to ask her
a far more important question. I am
sure that she knew my purpose, for I
had more than once almost told her what
was in my heart.

"Miss Ruth," I said as we strolled
along the shore returning to the hotel,
"may I ask you a question?"
"Certainly, Mr. Bryting," she re-
plied as sweetly as a girl could reply or
a bird could sing.

"It is not an every day question," I
said as a slight preparation to her, "but
one of great importance to me."

"It isn't a conundrum, is it?" she asked
nervously. "For I hate conundrums."
"Yes, it is," I answered. "At least
it is about something I don't want to
give up."

There wasn't anything funny in that,
but I laughed at it and she joined in it,
giving me to that extent an addition to
my courage.

"Well, you don't have to give it up,"
she said. "You surely can answer your
own conundrum."

"Not this one, I fear."
"Goodness; it must be a hard one.
Don't ask me. I'm sure I can't answer
it."

"Yes, you can," I insisted. "You
now," and I became serious. "You
now, Miss Ruth, that for some time
as I have been thinking of you a great
deal, more indeed than I should have
e, for there was so much uncertainty
all. I have been thinking of this
moment, and of you, and of what
I'd say to you and how I should
to win the answer I desired above
all things earthly."
"but what is your conundrum?"
she asked.

"this. Will you be my wife?"
"ring on one knee in the sand."
"I can answer that easily
I cannot marry you."
"tating way in which she

that I was to think

from mak-

ing the fool of myself I have, and I ab-
solve you from any connivance in the
matter. May I ask as an epilogue to this
comedy that you will tell me who the
happy man is that I may congratulate
him?"

Her eyes blazed, and her cheeks red-
dened, and how pretty she was as she
looked at me as an angry queen might
look upon an offending subject!

"Mr. Bryting," she said scornfully,
"I had hoped to spare your pain and had
thought to say goodby to you after this
pleasant holiday by the sea as friends
say goodby, with sorrow in every note,
but now I shall say goodby with un-
feigned pleasure, and in parting will
feel a peculiar delight in telling you that
the happy man is your friend Mr. Fos-
ter, and that he asked me only yesterday
to be his wife, and I took this walk with
you to tell you so and did not do so be-
cause, as you are well aware, you took
up all the time at my disposal with the
absurdly important question you had to
ask me."

What further remarks she might have
made I have no means of knowing, but
they would no doubt have gone much
further, for in an angry woman's game
with language she plays without limit,
but fortunately for my self esteem we
were startled at that moment by the
shouts of a party coming over a sand
hill to our left, and by the time we had
made a rapid change in our outward
show of temper the crowd was upon us.
They had come out in search of us to
join a party for a sail, and among the
searchers were Mr. Foster and Miss Mor-
ton. Under the circumstances it was not
a difficult matter for Miss Allen and my-
self to effect an interchange of escorts,
and I accompanied Miss Morton back to
the hotel, leaving Miss Allen to the ten-
der mercies of her fiancé.

As Miss Morton and I followed in the
wake of the returning procession I made
myself particularly gay, and she seemed
to appreciate me more than she had ever
done.

"What a color you have today, Mr.
Bryting!" she exclaimed as she looked
at me with admiring eyes.

"I wasn't aware of it, really," I re-
plied, with culpable lack of truth in my
words, for I knew I must be flushed af-
ter what I had just gone through, not-
withstanding the fact that I could feel
my face burning as if I had been stand-
ing in the hot sun bareheaded.

"Well, you have," she continued,
"and it makes you handsomer than I
ever saw you before."

"Possibly," I said, speaking slowly
and with evident feeling, "it is because
the full sunshine of your kindness has
never shone on me before and given me
its radiance."

"Oh," she exclaimed, "this is perfect-
ly delicious! You talk just like a char-
acter in a novel."

"Is it novel for a man to love a beau-
tiful woman?" I asked, looking squarely
into her eyes, and thinking how much
prettier than Miss Allen she was.

"Are you in love?" she asked, with
charming naivete.

At this moment we were a hundred
yards or more behind the party, and it
was five minutes after 11 o'clock a. m.

"Oh, Myrtle," I said, with a fervor
I did not think I was capable of, "don't
you know that I am in love, and don't
you know with whom? Haven't you seen
every day for weeks that you held my
heart in thrall, and that you were its
queen? Don't you know, Myrtle, that I
have been waiting for and wishing and
hoping for the propitious time when I
could tell you this? Now, I am soon to
go back to my work, to the dark and
dismal town, and before I go won't you
give me your heart to take the place of
mine you have taken away, that its light
may make sunshine along all the paths
of the future my footsteps may fall
upon? Tell me, Myrtle, tell me?" And
in my wild ardor I caught her hand in
mine and kissed it.

"Oh," she exclaimed, snatching it
away, "don't do that! They'll see
us."

"What do I care?" I replied. "An
honest love fears no criticism."

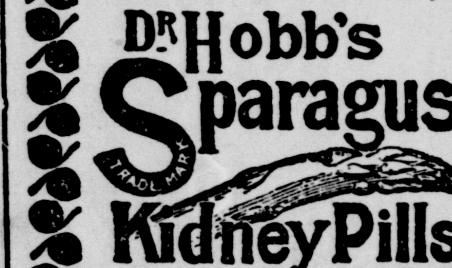

"I know, I know," she stammered,
"but you mustn't talk love to me. I
can't listen to you now. Jack Foster
and I are engaged. He asked me yester-
day and we are to be married in Decem-
ber."

And it was 15 minutes after 11 o'clock
a. m.—Exchange.

HOME DRESSMAKING.

How to Make Up Velvet—Spangles and Waist Trimming.

Velvet being very fashionable just now the home dressmaker will no doubt try her hand on it. It is very troublesome goods to make up, as it is nonelastic and requires to be touched lightly and seldom, since it is marred by handling. After a velvet bodice has been sewed the seams should be gone over with a needle on the outside and the pile pulled up where it is caught in the stitching. The seams can be pressed open by the labor of two persons, one holding the hot iron in a vertical position in the air while the other passes the inside of each seam against the edge of the iron. Neither velvet nor plush can be placed flat on a board and pressed, as the pile is thereby hopelessly laid.

Spangles will be almost as much worn this year as they were last, and spangled and beaded passementerie and galloon will be universally employed for trimming. These gay bands are very convenient for ornamenting bodices, and an old corsage can be transformed at home by tastefully arranged straps and bretelles of bright galloon. Trimming covers a multitude of sins, and there was never a time when clothes could be made over and look as well as now, when ribbons, bows, lace and

YOUNG GIRL'S COSTUME.

passementerie are requisite on even new gowns and serve admirably to conceal the defects of old ones. When tight sleeves and plain bodices come into favor again, what a falling off will be visible in the number of fashionably dressed women and what flaws of figure will be apparent that are now unsuspected, so well are they hidden under skillfully adapted fullness and artful trimmings. Long life to the fashion of inflated gowns made up of patchwork! If not highly artistic or especially beautiful in themselves, they are becoming, which is the real aim of dress.

The illustration shows a gown for a girl of 16 years. It is of bengaline of the shade called tourterelle and has a widely plaited skirt trimmed around the foot with a narrow band of tourterelle and moss green passementerie. The bodice has large revers gathered at the waist and fastened by silver buttons. There is a pointed plastron of moss green boucle plush. The gigot sleeves are plain.

JUDIC CHOLLET.

FASHIONABLE FANCIES.

How to Take Off Tan and Protect the Face.

The only way to avoid sunburn is to keep out of the sun. Veils and broad brimmed hats mitigate the evil, but no lotion or powder will keep it off. However, it is rather to be welcomed than dreaded at the first of the season, for, paradoxical though it may seem, sunburn is the best preventive of sunburn. After one or two days of burning the skin becomes accustomed to the sun's rays, and the blood vessels are no longer disturbed by the heat, and unless one is exposed to an unusually prolonged sun bath there will be no further effect than tan. Tan disappears only when all the cuticle containing the pigment is worn off. Rubbing and bathing will help to wear off the scales, but no application of cosmetics will take out the coloring matter.

Capes will continue to be worn and will be trimmed in a great variety of ways. Capes of cloth, velvet and silk will be preferred, the ornamentation being of feathers, fur, passementerie, embroidery and large bows.

Berthas and high collars finished with crepeaux—that is, cut in squares like the creneleated walls from which they take their name—are a fancy of the coming

SILK TOILET.

season. Linen collars and cuffs and those made of batiste are finished in this way, or the idea is worked out in silk or velvet as the completion of the bodice itself, the squares being edged with fine gimp, passementerie or pearls. Velvet and satin are to be extremely fashionable this winter, silken materials retaining the vogue they have enjoyed for the last two years.

An illustration is given of a gown of amaranth silk having fine stripes of green. The bodice is adorned around the foot with an application of green velvet. The bodice is of plain amaranth silk, plaited, over which is a figaro jacket of green velvet finished at the top with a berthas of plain silk velvet applications. A bow of green velvet fastens the jacket across the chest, and the belt and collar are also of green velvet. The sleeves consist of a round puff of striped silk and a deep tight cuff of green velvet. A velvet bow is placed at the elbow.

Physicians Have Found Out

That a contaminating and foreign element in the blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub-cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain, and aggregating as a calcareous, chalky deposit, which produces stiffness and distortion of the joints. No fact which experience has demonstrated in regard to Hostetter's Stomach Bitters has stronger evidence to support than this, namely that this medicine of comprehensive uses checks the formidable and atrocious disease, nor is it less positively established than it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorder. See that you get the genuine.

WORKING GIRLS.

LING, ABLE, AND AMBITIOUS,

But Often Held Back by an Illness They do not Understand.

[SPECIAL TO OUR LADY READERS.]

A young and intelligent working-girl of Brooklyn, N. Y., graphically pictures the working-girl's life.

Day in and day out, month after month, she toils. She is the bread-winner of the

family, and must work that others may live. Rain or shine, warm or cold, she must get to her place of employment sharp on time. With the sunshine and gladness all crushed out of her life, she goes on until she falls.

Oh! this picture tells only one of thousands. Some work in cramped positions, but the great majority of working girls, so to speak, live on their feet.

Among the latter the symptoms of female diseases are early manifested by weak and aching backs, pains in the lower limbs and lower part of the stomach. The "monthly period" is irregular; with some profuse, with others a cessation. The sure symptom, leucorrhoea, is present, and with faintness, weakness, loss of appetite and sleep. She may be sure that a womb trouble assails her. She knows not where to go for aid.

Miss Mary Smylie, of 2078 Susquehanna Avenue, Kensington, Philadelphia, Pa., urges her fellow-working-girls to have faith in Lydia E. Pinkham's Vegetable Compound.

She says: "I am a working-girl, and must stand eleven hours every day. I have suffered terribly from painful menstruation and kidney trouble; and my head was so dizzy I could hardly see. I began to take your Lydia Pinkham's Compound some time ago. It was highly recommended to me by a friend. Now I feel like a different girl; no more aches and pains. I am praising it to every one. Our Druggist sells lots of it."

A LOSS OF \$80,000,000!!

Labor-saving inventions or discoveries have often been violently opposed on the ground that they take workmen's bread out of their mouths. Although experience has shown the fallacy of that theory the feeling, or fear, was natural.

But it is not so much the lack of work as the inability to work that causes poverty and suffering. In England and Wales every working-man averages ten days of sickness every year, with a total loss of wages for all of about \$80,000,000 per year. In this country the loss is much greater. In all countries the prevailing disease is indigestion and dyspepsia and its consequences—such as rheumatism, and other ailments resulting from impure blood; a result of dyspepsia.

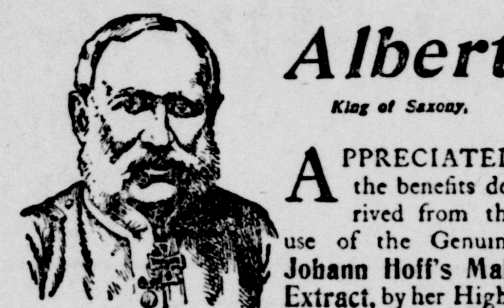

No thorough, rapid and trustworthy cure for this universal and obstinate malady existed until the Mt. Lebanon (N. Y.) Community of Shakers placed upon the market their now famous remedy called the Shaker Digestive Cordial. It is prepared from roots and herbs cultivated solely by them. Nothing more certain, safe and palatable can be imagined. It expels the impurities from the body by means of the bowels, kidneys and skin, and imparts vigor and tone to the stomach—upon whose proper action all our strength, activity and endurance depends. For many years the Shakers have given earnest attention to this subject, and their final success is thankfully admitted by the multitudes who have been cured by the Cordial after all other means have failed. Their high reputation for skill as herbalists, for honesty and religious sincerity guarantees whatever they recommend.

No invention can ever take your work from you if you are able to work. Health and strength are the vital considerations.

It Whistled Itself.

That was the little boy's excuse when he accidentally whistled in school. Just so with our CLOAKS—they're selling themselves. Every day it comes to our ears that our line is superior to any in town, and that the prices named here are the lowest. They have just arrived and will be here for your inspection, our second big line of sample garments, in all about three hundred, among them being many stylish cuts which we have not shown heretofore, being styles that have been produced for mid-season flyers. The cloths are boucles, cheviots and kerseys, and in the latter are some of the nobbiest coats yet brought out. We believe we are doing twice the Cloak business of any concern in town—a statement easy to make but one which we know we can substantiate.

FUR CAPES are receiving no small attention and we call your particular notice to the special values we offer in that very popular fur, the Wool Seai, also in Astrakhan—reliable makes which you can depend on.
